

Discussions – How to Include Kaltura MyMedia

Email: askTLC@ufv.ca

Video: video.ufv.ca

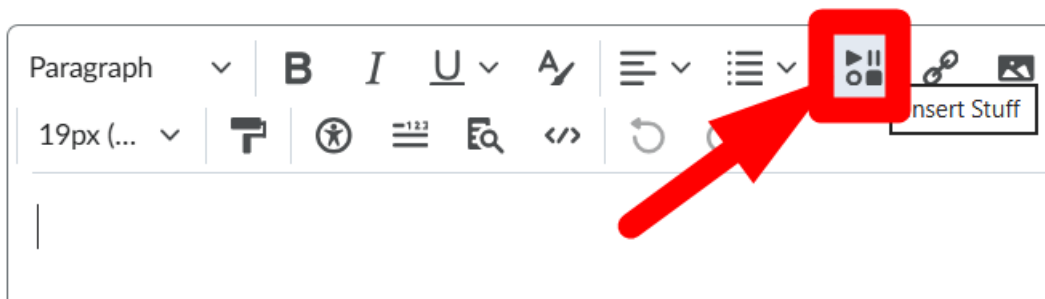

Preparation: Get video/audio ready first inside Kaltura MyMedia.

You cannot do the next steps without your video/audio ready in Kaltura MyMedia.

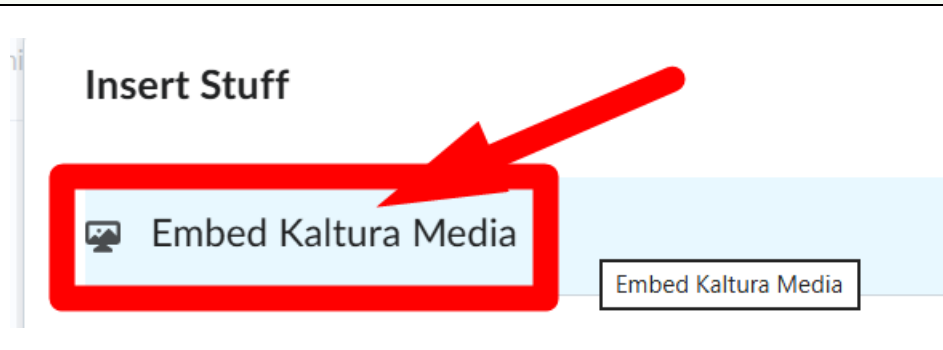

If you need to upload or create new video/audio without visiting the Kaltura MyMedia page, please check the step **3b]** below.

This example also applies to the text editor inside other editable areas such as **Assignments, Pages, Announcements**, etc.

1] Insert Stuff in the editor

2] Embed Kaltura Media

3a] If you already have the video/audio in Kaltura MyMedia, select it > Embed

Welcome to UFV!

Enter description here.

3b] If you need to upload or create a new video/audio > Add New > Select Your Option

+ Add New

Media Upload

Express Capture

4] Check if the video/audio appears like this. If you have used the **step 3b] above, it might take a few minutes** (uploading & conversion time) to have the new video/audio appear. “Refresh Preview” if the video/audio does not load properly. If it looks okay, click “**Insert**”.
