POLICY

In accordance with its Statement of Mission which requires the university to provide innovative and professional leadership for the evolving academic, social, economic, cultural and recreational needs of its communities, and in acknowledgement of the commitment to international education initiatives by the Ministry of Advanced Education, Training and Technology, and in recognition of the benefits from such involvement which may accrue to the institution, its employees and students, the University of the Fraser Valley supports involvement in international education activities.

The university encourages the involvement of its faculty, staff and administration in international education activities in accordance with the University of the Fraser Valley Statement of Mission, the Ministry of Advanced Education, Training and Technology Mission Statement on International Education, and Ministry Policy on Tuition Fees for International Students at BC colleges and institutes.
