Squares

- There are numbered squares on the board, people buy a square(50/50) and one of the squares wins
- Have to get a license? Process isn't that long, it wouldn't be hard, the license is 10\$, tickets max 2\$ possibly 25 squares? 100 squares?
- Collect money? Possibly get Melinda involved to take money from students and faculty
- Every person paying for it can pick their squares/numbers
- Should this be an on campus fundraiser or make it online
